Kurt,  
I'm glad that I met you & I  
think you are a very nice person.  
I'm sorry for all the times  
that I got you in trouble but  
we both know that it was  
always your fault. I hope that  
I see you sometime during  
the summer. Be good and  
don't get into much trouble  
or at least don't get caught.  
"49" Karen Linda Rivera

Kurt,  
It was a lot of fun in tracks this  
year. Too bad you got hurt, otherwise  
you would have been one of the best  
runners in league. Hope you run  
Cross-Country next year so I can  
come back and see you run. Remember  
the faster you run, the more women,  
wine, money and fame you'll get.  
See you next year.  
Steve Neely

In 1956 when Rancho first opened its doors there were none of the traditions that we have today. There was no fight song, no cheerleaders, and no symbols for us to look to. While this year was a beginning for Rancho it was a year of changes for our railroads. This was a time when the large railroads were shifting from steam engines to the modern diesel engines that we use today. Following the examples of U.S.C. and U.C.L.A. Mr. Slingsby, who was the Pep Club advisor at the time, saw the opportunity for Rancho to acquire its own victory bell. Following letters to several railroad companies a reply was received from the Grand Central Railroad of New York. They agreed to donate a bell to Rancho from one of their old steam powered engines that was due to be scrapped. The bell arrived early in 1957 but remained in storage for over a year. Then, with the assistance of the Industrial Arts department and the head custodian, a cart was made to carry the bell to various events. The bell was used in this fashion until four years ago when it was again put into storage. It remained there until this year when it was "re-discovered." Through Senior Advisory and with assistance by John Callard it was decided that a monument would be built to permanently house the bell in the quad. As a Senior Class project the bell and its housing will be dedicated to the graduating class of 1976.

This year the Marching Band has enlivened half-time activities. Under the instruction of Mr. Perales with Larry Padilla as drum major, the band had a good showing this year. Marching Band gave an exceptionally good performance at Rancho's bicentennial homecoming show. During the year Marching Band held a march a-thon to raise money for new instruments. They also raised money by selling candy sticks. This year as every year, the Marching Band will be in the Strawberry Festival parade and other local parades.

# A.S.B.

This year's A.S.B. cabinet was an active one. With a wide variety and cross section of officers, hardly any issues were missed which came under the heading of student activities. The A.S.B. did almost everything in the way of activities. From Homecoming to Graduation decorations, from introducing legislation to warm fuzzies, it was very seldom when A.S.B. passed something by. A.S.B. President Kevin Araki had a hard task. Besides running all the activities he worked with the administration, cabinet and the student body as well as having his own personal activities and classes. A.S.B. Vice-President Sylvia Fander had many successful projects such as the A.S.B. Election Convention. A.S.B. Secretary Lisa Cross was the official record keeper at all of our meetings, and will be A.S.B. President for 1976-77. Activities commissioner Scott Graham was in charge of all dances and activities, along with Homecoming. The Assemblies commissioner Debbie Aden was in charge of all Pop Assemblies and Rallies. She was also president of the A.S.C. Service Commissioner Vanessa Mott was in charge of all the canned food drives and was responsible for the Faculty Luncheon which the A.S.B. sponsored. Athletics commissioner Jack Glasser was responsible for all the sports events at Rancho. Publicity Commissioner Doug Cosgro was in charge of all general publicity for the Rancho campus and he was well noted for his warm fuzzy spree. Parliamentarian Cheryl Hadenstien worked hard on every activity and was in charge of Rancho's Accreditation Program. Once again A.S.B. has proven to be successful for the first semester of the '75 year.

# A.S.B.

The second semester A.S.B. really got things going! One of the high points of the semester was involvement day. The students selected speakers to listen to chosen from a wide range of subject. Other activities arranged during the second semester were an hypnotist show, dance assemblies. Also A.S.B. tried very hard to have a designated smoking area. As always A.S.B. was trying for more student rights, and total student involvement.

This has been a very great year for Rancho's 1975-1976 Student Council. We started off the school year by electing four new term officers and 12 exciting representatives from each class. The Student Council has been involved in various school activities such as football games, pep assemblies, Homecoming, candy sales, school rules, and promoting new school spirit and leadership. The Student Council meetings are held usually once a month or more depending on the scheduled activities. The Council has worked hard this year and accomplished many of their goals together.

# Scholarship Club

Rancho's Scholarship Club is affiliated with the California Scholarship Federation, a state organization dedicated to rewarding students who achieve high grades while taking mostly academic classes. To be a member, a student must earn 10 points. An "A" counts 3 points, and a "B" counts 1 point. The P.E. grade is not counted and any "D" or "F" disqualifies. 7 of the 10 points must be in academic classes. Students who qualify for membership 4 semesters with at least 1 semester during the senior year become Sealbearers. Sealbearers get a gold seal on their diplomas, and wear a gold stole at graduation to emphasize their outstanding achievement.

# Keywanette Club

The 75-76 school year has been a very busy one for the Keywanette Club. They began the year hosting two dinner banquets and participating in small community projects. The major thing of the year was the annual Christmas Program for eighty foster children of Orange County. They had a very enjoyable pizza dinner and night on the town in February with the G.G.H.S. Keywanette Club. The funds increased in March when they sold pickles for the St. Patrick's Day and stationery. They sponsored an Easter Party for the Orange County Orphanage, including everything from an easter-egg hunt to the Easter Bunny. They tied up the year with a banquet where they honored newly installed officers. They all agree it was a very successful year with Donna Ralls as President, and they would like to thank the officers and members for their participation in making this year one of the best.

International Friendship Club is designed to further understanding between different cultures. This year there are two foreign exchange students at Rancho, Veronica Alliende Leiva of Chile and Yara Fernandez of Brazil. Cindy Krisman has been selected to live with a foreign family this summer. An innovation in our club activities this year is our monthly potluck and presentation based on another country's lifestyle. So far this has included Italy, Belgium, Norway, Spain, and Portugal. The biggest event of the year as in the past, will be Foreign Exchange Day. A pool of foreign students from across Orange County and classes will be invited for a day of exchange. # Freshman Registration

This year's Freshman class was the first ever to experience the enjoyment of pre-registering for their second semester classes. From the moment that Mr. Costello opened the door and the first group of Freshmen casually strolled in to pre-register, the Freshmen were baptized into a ceremony that is carried out in high school as well as College.

Everywhere you looked cheerful faces could be seen. Some were curious. Questions such as who's Mr. Stake? What's open third period? and how do I get into an Art class were heard. Finally it was over, and hundreds of Freshmen now much wiser looked forward to the coming semester and the years of registration that lay before them.

# Speech Club

The Speech Club put in an exciting year, they participated in a Christmas poem writing contest, a Valentine's singing speechgram sale, and a sucker selling contest.

The Speech Club was formed to allow students with an interest in public speaking to meet and discuss subjects that they share in common. Headed by an experienced speaker, Mr.

Lawrence, the members learned much about the art of communication

# Ski Club

Rancho Ski Club was reborn this year under the direction of Mr. Surek. Three major trips were offered during the school year; Salt Lake City, Jackson Hole and Steamboat Colorado. Also two week-end trips to Mammoth were taken. Rancho's Club was combined with Pacifica High School Ski Club on all the trips.

Increased membership and more exciting trips were the major goals of the club.

For the second year, the Art Club has proven to be one of our most successful clubs. It started off to be a good year. In October they brought back their successful Halloween face painting, this was followed by a Christmas Art Sale. The money made from these activities goes toward field trips and other activities for the members during the school year.

## La Voz . . .

"La Voz del Vaquero" or in English, The Voice of the Vaquero, is the official publication of Rancho. The Staff of our school paper works hard to publish a newspaper for everyone. They report on all school happenings, and they also cover things that affect the students outside of school such as concerts.

Informing, and entertaining the students of Rancho is the goal of La Voz.

# Art Department

The Art Department is the place to go for exciting creative experiences. It's the place where students discover the thrill and enjoyment of creating their own unique and personal works of art. It's hard work, but it's fun and the rewards are beautiful and lasting.

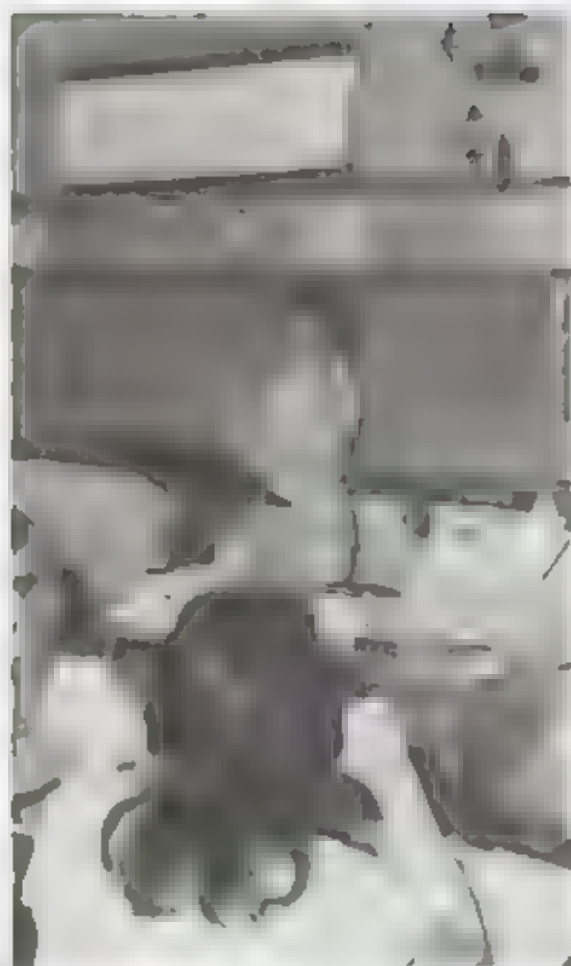

# A Popular Class . . .

among Rancho students was Horticulture. Students learned to plant, feed, prune, and care for all types of plants. They also learned how to use different kinds of lawn and garden power tools. An important piece of equipment used in the class is a hothouse used for growing plants which require a warmer climate. Rancho is very lucky to have a Horticulture department. Very few high schools in the district have this program.

# English Department

Composition, Literature, Speech, Creative Writing, and Reading are just a few of the many courses offered by our English department. The department consists of fifteen teachers giving one to five classes a day. There are approximately eighteen-hundred students enrolled in these courses. Freshmen and sophomores are required to take composition I and II, and literature I and II. The remainder of the English courses are electives.

# Foreign Language Department

The Foreign Language Departments are made up of four different languages, French, German, Latin, and Spanish. During the first two years the students learn the basics of their chosen language. The advanced classes are designed to enable the students to speak fluently in his language. All foreign language classes are electives.

# The Science Department

at Rancho offers a wide variety of knowledge and facilities to interested students. Practical skill in lab techniques and problem solving can be obtained in any of the fields available. More specialized skills are usually necessary for the advanced courses. A prerequisite of the basic classes provides the required background needed in the more difficult areas.

# History

The history classes here at Rancho cover not only the required classes, but also classes for almost any interest. These classes are taught in such a way that we learn, not only about the past, but the future as well.

# Business Department

One of the most essential departments is the Business department. It offers many valuable classes necessary if you plan to go on in the business world. The types of classes offered at Rancho are Typing, Shorthand, Notehand, Business Machines, Bookkeeping, Clerical Recordkeeping, General Business, and Office Practice. These classes have proven to be highly successful.

# Home Economics

In the Home Economics Department, both boys and girls enjoy a variety of practical experiences in the food preparation, clothing construction, and home crafts, as well as learn important information on nutrition and getting your money's worth in purchasing and caring for food and clothing.

Food classes are open to beginners as well as the experienced, and a variety of delicious baked goods and well-balanced meals are prepared in the course of a semester. Special occasions and holidays are celebrated with additional fun projects.

In clothing you can learn to make a simple top, shirt, skirt, pants, or even a tailored winter coat or spring formal. Are "T" shirts your thing? "Sewing with knits" is for you, then. Home Crafts will teach you everything you need to know to begin to crochet, knit, and quilt.

# Rancho Alamitos . . .

woodworking program has increased by 25% in the past 2 years. Much of this was due to the money charge made in the wood program. New equipment has aided our program, but they've been growing so fast that they need more room. Vocational woodworking classes were also offered. Many interesting projects were under construction such as: china cabinets, stereo cabinets, coffee tables, wall plasters, and bookcases. The Rancho Alamitos drafting classes were involved in making working drawings of mechanical parts, architectural dwellings, plan sets, and architectural and engineering models. The Rancho Alamitos auto and small engine classes were studying in the engine and transmission areas. They were taking each part and understanding what it does and how it fits into the whole picture. After an oral test on the engine and transmission where each student explained how the transmission worked, they showed each move of each gear etc. By the time they have gone through all of this they were ready to actually start tearing into a real transmission and see what it was like. The Rancho Alamitos fiberglass and plastics class was the newest vocational education class at Rancho. It has hit the campus like wildfire, all during the year there seemed to be a large range of projects being worked on; everything from toothbrush holders to skateboards, from encapsulated insects to boats and an array of decoupages. The class was offered by Mr. Turner.

# Math Department

Knowledge of math is an important part of everyone's life and Rancho's math department had something for everyone's needs. From Calculus to Proficiency Math courses were offered to help the students meet the graduation requirements and prepare themselves for the future.

# Drama Department

The drama dept. consists of the usual drama I, II, III, IV, performing their school plays and doing short plays for the English classes, also reading short plays and trying to improve their acting ability. Another part of Drama is the stage production class. This class is only 3rd period and you must audition in front of Ms. Flagg and judges to get into the class. This class will be performing Dr. Seuss tales for the elementary school students, and a set for the Jr. High School students too. The reason the drama department has been so successful in the past, is due to student involvement and we hope to continue having a large turnout.

# The Work Experience . . .

program at Ranch was designed to provide students with on-the-job experiences and training so that upon graduation they have some saleable skills which will benefit them in the job market.

The general vocational programs were available to students sixteen years of age and over. Students enrolled received both practical and credit while participating daily with assignments for a business in the community. Additional related instructions were given once each week which was designed to broaden the student's knowledge of the world of work.

The exploratory program was available to students fourteen years of age and over. This program provided students with the opportunity to investigate various professions so that they could make a more intelligent career choice upon graduation. Credit was received for enrollment in this class.

There were approximately two hundred students enrolled in the program. However, the indications were that as many as seven or eight hundred would have been enrolled if adequate staffing was available.

Rancho's Bowling Team

# Although the Loss . . .

of 1975 League Championships was a great disappointment for the Varsity Cross Country team. It must be remembered that the team has been League Champs the last five years.

The team finished a successful dual meet season, the proud owners of a 5-1 record after a narrow 27-29 loss to La Quinta.

The team is dominated by a group of five seniors who won the Mission Viejo Invitational.

Throughout the year the team has been led by the talented twins, Tim and Tom Becker, who contributed 9:45 and 9:46 two-mile clockings to that Invitational win. Tom Randle has been a consistent 3rd man with Steve Neely and Bill Goeke filling out the top five. Two sophomores and two freshmen also found their way on the Varsity team with some consistency. Harold Besaw and Scott Shipley with Kenny Vargas and

Steve Martinez have all made a major contribution to the team's outstanding season.

of the past five years the J.V. cross-country team finished a perfect season of 9 wins and no losses to win the dual meet championships of the Garden Grove League. The team was led throughout by senior Steve Besaw who won all of his races at Mile Square Park. Steve used the backing of several other outstanding distance runners to earn the undefeated season. Gary Wells, Perry Vanderhout, John Leeder and Lonnie Pyle were instrumental through the season as they each contributed their running talents to a team that was not seriously challenged all year.

cross-country teams have always finished among the top three teams in the Garden Grove League. This year has been no exception as our group of young runners raced unbeaten through eight opponents this year. Taking advantage of exceptional talent from Kenny Vargas and Steve Martinez this team has earned tournament trophies on three occasions, with a victory in the Mission Viejo Invitational. Backing up Kenny and Steve was a group of young runners who will make our varsity teams of the future as strong as those in the past. Those runners include Tino Riveron, Frank Riley, Kurt Gasser, Jeff Eggleston, Roger Riley, Jim Trubey and Steve Irwin.

# Rancho's Varsity Football Team

anticipated a successful season this year in spite of the strong competition in the Garden Grove League. However many elements offset the high hopes of the Vaqueros. Fifteen of the Vaquero's starters were sidelined for part of the season due to injuries. Forty-one times during the season, the Vags turned the ball over to their opponents. The result was the most unsuccessful season that Rancho has had since 1963 when they were 1 and 8.

Rancho's one bright spot of the season was their 19-16 win over arch-rival, Garden Grove. The Ar. is eventually won the league title and advanced farther in the C.I.F. playoffs than any other team in the history of the Garden Grove League.

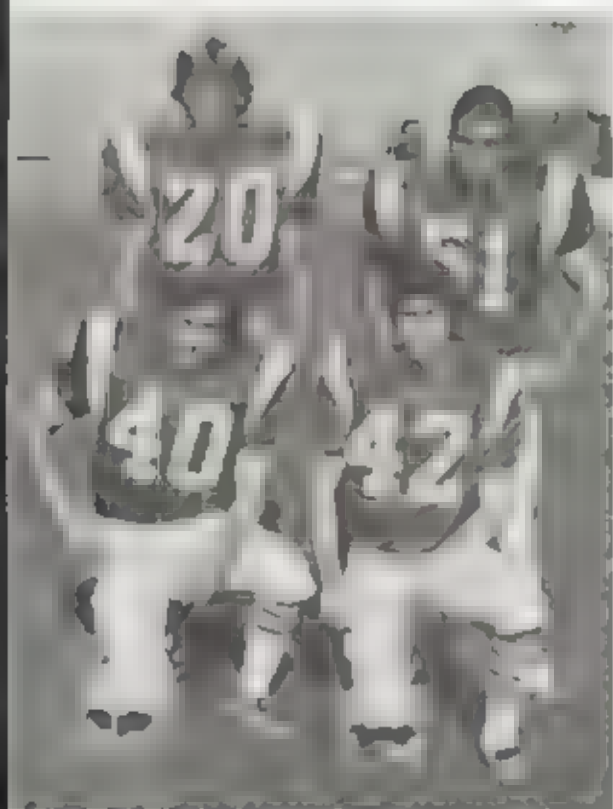

Members of the Vaquero 1975 Varsity team were honored by the league for their outstanding performances. Russ Buenafe, the team captain, was selected as defensive back on the first team all league. Brian C. Rancho's most valuable player, was selected on the second team all league. Honorable mention was awarded to Joe Parsons as defensive end and Chris Radke as offensive receiver. The Rancho coaching staff honored Jeff Pettit as the recipient of the 100% award. The most improved player selected by team members and coaches was Kevin Jeffries.

The Vaqueros will return twenty lettermen for next year's "Hawaii bound" team. Rancho's student body and faculty support next year's team to work toward Rancho success and supremacy.

## Sophomore Football

The outlook at the start of the season for Rancho's Sophomore football team was very promising. But, in the first game eight starters were injured, significantly hampering our team's ability. The season's record was 2-6. Although the sophomores didn't do too well they beat undefeated Santiago 24-0. Don Buenafe did an excellent job of quarterbacking, with help from Pete Delduca as shotback and defensive back and offensive and defensive tackle Luis Ambrose. Most Valuable - Pete Delduca, Most Improved - Brian Aratan, Most Inspirational - Don Koerner, Team Captain - Luis Ambrose, 100% - Charles Madic.

had a very successful season. A league record of 3-2-1 gave the Vaqueros a third place in the Garden Grove League Standings. The football members improved immensely as the season progressed and ended up the season with the trouncing of La Quinta 48 to 24.

The stalwart defense throughout the year was anchored by Allyn Gatlin, Barry Faulkner, Ruben Aguilera, Pat Dowling, Randy Harris, Steve Kottke, Mike Ralph, Tim Moore, Eugene Geib, Mike Brooks, and Rick Casas. An explosive offense, which proved they could pull off the big play, was manned by Mike Brooks (most valuable), Rick Casas (100%), Mike Ralph (team captain), John Hedrick (most inspirational), Steve Kottke (coaches award), Barry Faulkner, John Mahoney, Ruben Aguilera, and John Saich. # Rancho's Spectacular

Rancho's spectacular eighteenth homecoming was in anticipation of America's two hundredth birthday celebration and was appropriately named "The Bicentennial Spirit." The half time festivity was complimented by Carol Ulviden's pride, the Rancho choir singing America the Beautiful, while the band played melody as Phil Perales directed. The flag girls and the drill team, dressed in theme setting, red, white and blue, also added to the night's excitement.

As the princesses drove through the goal posts, cheers and aahs were heard all around the stadium, partly because of the princesses' beauty and partly because the stadium suddenly became illuminated by multi-colored fireworks. The show, perfectly co-ordinated in theme, music and atmosphere came to its climax . . . through the loudspeakers came the words "and the nineteenth-seventy five - seventy six homecoming queen is . . ." silence stunned the stadium, as the spectators eagerly waited for the name, but the announcer did not need to speak again for a bright sign lighted up the name, "Susan Roberts!" A multitude of fireworks then shot through the air as the glorious spectacle came to an end.

Sue Bezirjian gives her crown up to Susan Roberts for 1975-76.

Here we were able to capture a picture of Susan when she saw her name up in lights.

The flag girls were also present for the occasion and lined up in order, under direction they made a pathway for the oncoming princesses.

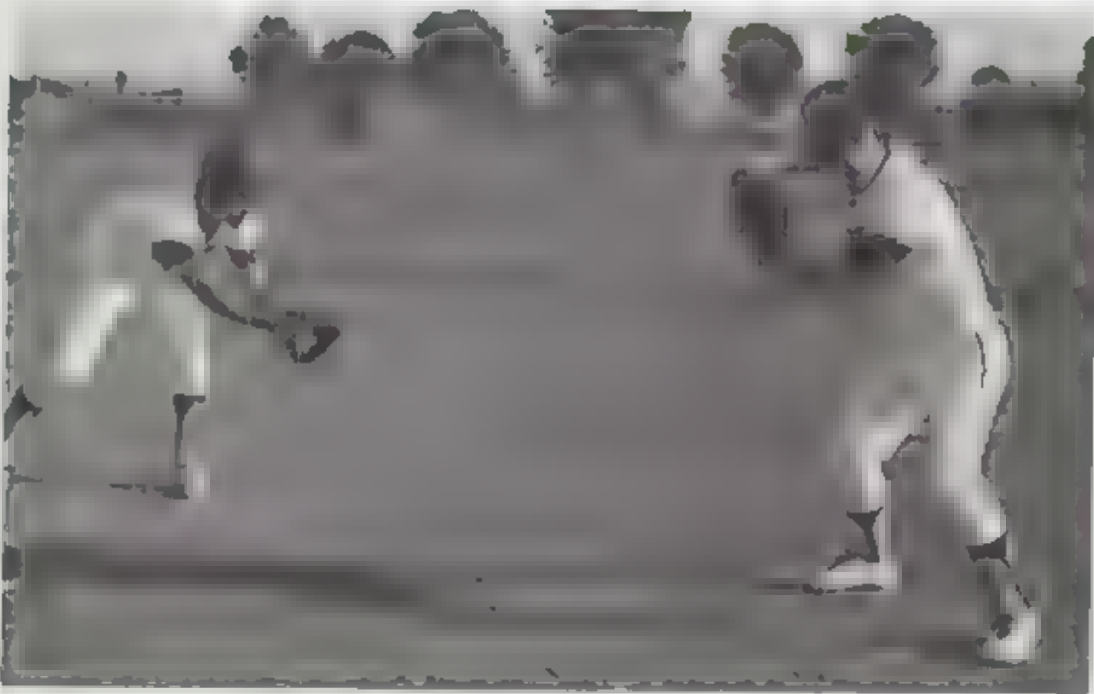

# Varsity Baseball

# Varsity Gymnastics

Although many of the varsity members graduated last year, the returning veterans along with some talented newcomers helped to build a strong team. It takes a great deal of agility, co-ordination, and strength to compete in gymnastics. These traits can be gained only through practice. Most of the girls work out during the off season every day to keep in shape. Even more time in practice is required as the season draws near. The leader of the gymnasts is Coach Steel, who donates much of her free time to coaching the girls.

# Girls Volleyball

The 1975 volleyball season proved to be an interesting and challenging one for both players and coaches. The varsity team was represented by at least one person from each class, and this was the first year they played together. The girls had to perfect their skills and learn to work together as a team, at the same time that they were competing. These handicaps did not discourage them, however. All three teams remained at full strength throughout the season with six starters plus three or four substitutes per team.

# Varsity Basketball

This is expected to be an exciting year for the Varsity Basketball team, with one of the best squads starting well in the beginning of the season. basketball team enjoyed a good season this year. The team got excellent rebounding from their front line of center Dave Durry, center Don Fielder, Forward Jeff Hutchings, and forward Todd Ripa. This rebounding and the hot shooting of Jeff Hutchings, Todd Ripa, and Mike Marlow could lead to a championship next year.

Mike Marlow and Jeff Hutchings share the duties of captain and are the only two returning Lettermen from last year, the other seven having played Sophomore Basketball last year.

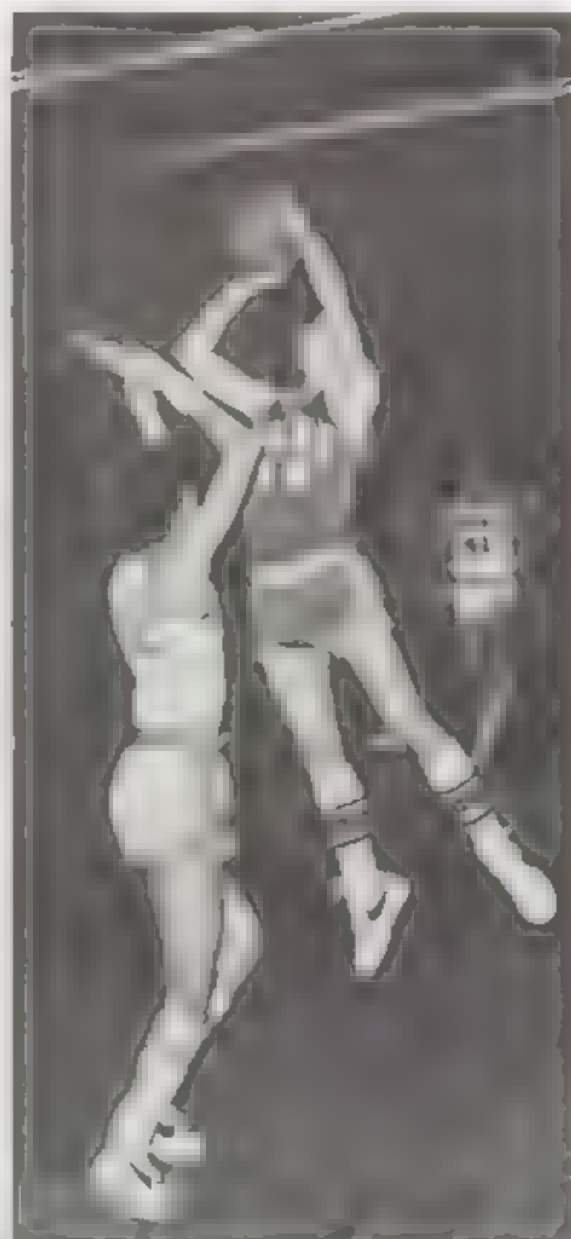

The rest of the team is made up of Brad Vick (forward) Scott Vick (guard), Steve Abbot (guard), and Matt Hirschler (guard).

water polo team was one of the finest in years finishing in second place in the Garden Grove League with a 5-1 record. The only loss was to Garden Grove 13-12 in sudden death. This was also the first time since 1967 that Rancho made the C.I.F. playoffs. Rancho played many 4A schools during the season and still ended up with an 11-7 record. They only lost to one 3A division school the entire year.

The team was led by juniors Byron Sims and Mark Maurer, who provided most of the offense. The team also had two sophomore starters in Brian Sims and goalie John Levesque. The nucleus of the team was comprised of seniors Tom Gay, Kip O'Neill, Stitch Siems, Cam Siems, Henry Ishii, and Mike Dufault. Also contributing tremendously were juniors David Crain and Lance Fryer. ## This Year's Dance Group

was really on its toes. In the first semester they got in shape, with plenty of exercise and technique lessons. A group of girls was selected to dance at the co-ed fashion show in February. These girls were Jan Allen, Holly Bender, Denise Delduca, Lisa Silk, and Theresa Strite. The last semester of the year the group was getting ready for their show in April. The dance group believes the focus should be on the dance, not on the individual dancer. The theme of the show this year was "Shapes and Shadows." The Advisor, Mrs. Steele, and the girls chose three dancers from the group to choreograph the dances. Carol Burge was chosen to choreograph the ballet; Theresa Strite, the abstract; and Vicki Trujillo, the jazz. Melinda Rios did a solo, and Mrs. Steele worked on a group dance in which all of the girls participated. This year they not only had girls but three young men in their dance group: Steve Besaw, Steve Bernader, and Tom Randle. With the guidance and supervision of Mrs. Steele, the dance group had an excellent year.

## VOICE INSIDE

As I walked into the house I heard somebody calling  
 "Hey! Hey you!" I looked all around, then thought to myself, "I'm going  
 crazy." I knew nobody else was home.

Down here on the floor," when I looked down I realized my brother's levis  
 were talking. "Now listen! I have been quiet long enough. I have to get some  
 thing off my pockets." All I could do was take the nearest seat

"My name is Lee, and today is my birthday. Do you realize I am three years  
 old? Yep, I've been living with your brother for three years. Believe me it hasn't  
 been easy. Being a pair of levis is a rough job. Keith always forgets to wash me -  
 sometimes I get washed once a month. And I really hate it when Keith goes to all  
 those stupid parties. He has to act big, spilling beer and wine on me. I hate beer  
 and wine. I'd rather have mixed drinks. When it's around twelve o'clock, the  
 party is going strong, the music loud enough to make the walls shake, and me -  
 I'm wet from waistline to cuffline, drunker than a skunk. About this time Keith  
 has to go outside into the cold air so he can look at his friends' motorcycles. As  
 they fiddle with the greasy parts, Keith sits in the dirt which turns into mud as  
 soon as it touches me. Then Keith always wipes his black hands on me. It is very  
 difficult to breathe with all that gunk filling my pores.

About three or four o'clock, we get up to go home. And like every other  
 night, I'm thrown on the floor. By this time I'm so exhausted, I want a good  
 night's sleep. Instead, the dog comes running in, and plunk, he lies on me. That  
 wouldn't be so bad except he scratches all night long, and throws all his fleas on  
 me!

"Sorry for bothering you, but I just had to tell somebody why I look so old and  
 worn out."

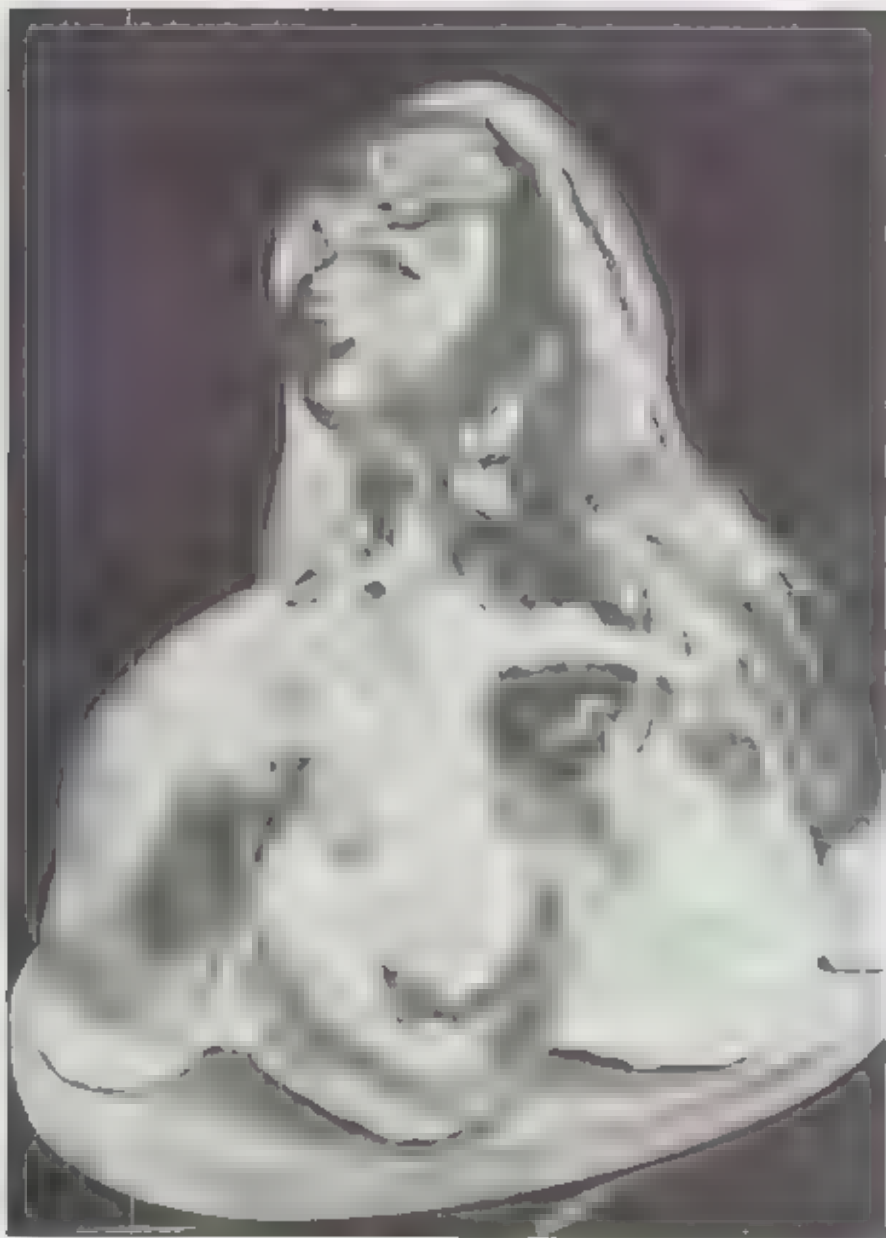

As Lee said this, Keith walked into the room and picked his levis up. As I  
 turned to leave the room, I heard Lee whisper, "If there is any truth to reincar-  
 nation, in my next life I think I will be a motorcycle. Everybody takes care of  
 them

## BEFORE THE RACE

The warm protective cloth  
covering completely  
is gone now

The wind and dark clouds  
bitter cold,

Grab a my almost naked skin  
the sweat freezes and dries  
I breathe hard

A leaf falls from a nearby branch  
grabs it with its icy palm  
and throws it toward the lake  
Small ripples  
white-capped and flowing  
receive the dead leaf  
and send it sailing past a duck -  
the bird looks so comfortable,  
warm and content

I can hear my heart now  
It is in rhythm with my foot steps.  
Unbearable,  
the tension rips and tears my inner organs  
while the wind whips my back

Into the group I migrate  
the grass scraped dry  
hidden softness by the river of air  
yet underneath, the hints of hidden moisture

It's warm here in the pack  
all breathing  
white mist hanging from the breath  
Restless,

The outside voices hush  
Even the wind calms  
the group freezes,  
everyone leans forward as far as possible  
every inch counts

A command  
I close my eyes and talk to someone I barely understand

He is close to me now  
I open my eyes  
my fear is gone  
the cold is gone  
my mind is blank  
the lasting instant of waiting

It's over now  
with the sharp terrifying signal the mob moves  
The waiting is finally over

Tornado

The old grey barn  
sleeps soundly in the night  
Unnoticed is the subtle arrival  
of the murderous clouds  
A sudden roar breaks the tranquility of slumber  
As the wretched funnel-shaped cloud appears  
on the horizon  
Ringing in my ears is the sound  
of wood being ripped from its foundations  
Like arms and legs  
wrenched from their sockets  
It lasts only a minute, or half  
The funnel's work is done  
It left its mark behind  
The old grey barn will sleep

Self

Beside the fire I read my book  
Within a world my own.  
And as I lean back in this nook,  
I dream of things I've known,  
Of friends I had,  
Of facts I learned,  
Of gifts received,  
Of things I earned.  
Oh, of this lonely world I'm in,  
You'll probably never know.  
To me it seems I never win.  
I never really grow.  
But stay as I have always been,  
A seed that wasn't sown.

## MOODY SKIES

Clouds part overhead.  
The sun shines through  
For only a moment  
Then the clouds fuse.  
The sky, crowded with clouds,  
Thick, silver, dark complexioned,  
Asks the wind for consolation  
Not knowing how to guide the  
Golden, heating rays through its congestion.  
Frustrated and bewildered, the sky  
Cries out in a bellow of rain  
Heaving its load and answering  
Its own quest to shine and be seen.

## The Tree

I looked at the tree.  
Darkened shells of once living acorns  
lie in an island of dark shade  
Surrounded by milky yellow light  
as if seen through sleep-filled eyes.

The grass I sit on is a deep cushiony green,  
still bearing traces of the cool dewy night.  
I look at the tree itself  
A muddy, well-water brown.  
Living, thriving, blemished with intricate valleys,  
each a disunited world in itself.  
filled with the constituents of a different life.  
insects.

I look up, up, this lone citadel Towers above all else.  
My eye's gaze reveals mighty branches to me.  
The wind rustles the leaves.

Down at its base a tiny ground squirrel,  
shades of iridescent browns and golds his fur,  
scurries away toward a rendezvous with fellow chipmunks.

As I lean back and close my eyes,  
the countryside is endowed with the carolling of the birds.  
I listen, and peace overwhelms me.  
The burning sun has set. Day is done.
